Office Action Summary

1. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be renumbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

Misnumbered claims 47-66 have been renumbered 52-66. Also, the dependencies of the dependent claims have been corrected.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 42, 56, 57, 59, 60, 62, 64 and 65 are rejected under 35 U.S.C. § 102(b) as being clearly anticipated by Seheult et al. 4,717,488, esp. Example 1, Sample Nos. 2-7.

4. Claims 42, 56, 57, 59, 62 and 64 are rejected under 35 U.S.C. § 102(b) as being clearly anticipated or at least anticipated by Symes et al. 4,571,422, esp. Example 1; or Krijnen et al. 4,803,264, esp. Example 1. While Symes et al. and Krijnen et al. may prepare their oil based homogeneous compositions from an aqueous precursor, as to claims 42, 62 and 64 herein, one of ordinary skill in the art would interpret the expression "with the proviso that there is no added water present in the composition" to mean that no water is added to the patentees' oil dispersions after they have been made or prepared.

Art Unit 1712

5. Claims 43-46, 58, 61, 63 and 66 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record doesn't disclose or fairly suggest the homogeneous liquid compositions of claims 43-46, 52-55, 58, 61, 63 and 66.

7. Applicant's arguments with respect to claims 42, 56, 57, 59, 60, 62, 64 and 66 have been considered but are deemed to be moot in view of the new grounds of rejection.

8. The references listed on applicants' IDS (see attached Form PTO-1449) have been considered and made of record herein.

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Lovering whose telephone number is (703) 308-0443. The examiner can normally be reached on Mon.-Fri. from 7:30 A.M. to 4:00 P.M.
